Partnering with Communities. Growing Opportunities

16 top scholar achievers.

Inside: Celebrating Excellence

At the beginning of this year, 30 of our sponsored students transitioned from VICODEC School to various senior schools.

In total, close to 100 Grade 10 scholars have begun this new chapter — a milestone made possible by your unwavering support.

Walking Together: Creating Opportunities Through Education

Dear Sponsors and Friends, we are deeply grateful for your partnership and for supporting vulnerable children and young people in Kenya. Through sponsorship and other forms of support, children are able to stay in school, pursue their dreams, and build brighter futures.

Every contribution helps strengthen children, families, and communities while working towards breaking the cycle of poverty. Kenya Works walks alongside families through four connected pillars — **Education Works, Community Works, Shelter Works, and Future4Binti** — so that a child who returns to the classroom also returns to a home, a community, and a support system that can hold them steady. We are pleased to share some of the milestones and stories made possible through the Education Works Sponsorship Program.

The “Pay It Forward” Initiative

Parents recently came together at VICODEC School for a “Pay It Forward” day, helping clean classrooms, sort cereals, and prepare firewood ahead of the new school term. Beyond the practical work, the day gave parents an opportunity to share how sponsorship has eased financial pressure and brought hope to their families.

Parents sort cereals, and scholars work in the Kenya Works garden.

Paying it forward is now woven through the whole of Kenya Works. Our university and college scholars mentor younger students and lead peer-to-peer academic clinics, creating a cycle of encouragement and shared learning. Scholars also give back through service at VICODEC, at the Kenya Works campus and guest house, and in hospitals, churches, community organizations, and chief’s offices — the same institutions that once opened doors for them.

That is what makes this work sustainable. Sponsorship begins with one child’s school fees, but it grows into parents volunteering their Saturdays and graduates tutoring the next cohort. Your gift does not stop at a classroom door; it circulates through an entire community.

“It always feels good to give back.”

— Asha, Kenya Works Scholar, Grade 10

A New Chapter: Grade 10 Pioneers and Celebrating Excellence

2026 marks an important milestone as Kenya's first cohort of learners transitions to Grade 10 under the Competency-Based Curriculum (CBC). Introduced in 2017 to replace the 8-4-4 system, CBC is designed to nurture learners' talents, interests, and career aspirations.

Kenya Works is proud to walk alongside close to **100 Grade 10 scholars** as they begin this new chapter, and to celebrate **16 top-achieving scholars** who have demonstrated exceptional commitment and academic excellence.

Their achievements are a powerful reminder of what young people can accomplish when given the opportunity, encouragement, and support to succeed. Many of these scholars reached this stage because a sponsor visited, connected with their story, and chose to invest in their education.

Elated Grade 10 scholars.

ACHIEVERS

Vine Wesley, 6, and Braiden Kyle, 5.

A Child in Need

Vine Wesley, 6, and his younger brother, **Braiden Kyle**, 5, come from a family facing severe financial hardship. Their parents rely on casual work, making it difficult to consistently meet the costs of education. As a result, the boys have experienced periods of being in and out of school due to unpaid fees.

Despite these challenges, Vine and Braiden are eager to learn and have the same potential and dreams as any other child. What they need is an opportunity and someone willing to invest in their future.

They are currently seeking sponsors who can help keep them in school consistently, giving them the stability to learn, grow, and build a brighter future.

READY TO SPONSOR?

If you are interested in sponsoring a child, email info@kenyaworks.org and we will match you with a student who is waiting for support.

"Sponsorship begins with one child — and grows into a whole community that believes change is possible."

The Cost of Changing a Life

Education remains one of the most powerful pathways out of poverty. Your support enables vulnerable children to remain in school and gives young people the opportunity to pursue further education. Our current annual education support costs are:

Education Level	Cost
Primary – Grades 1–9	\$375 per year
Senior School	\$600 per year
Post-Secondary – College	\$1,000 per year
Post-Secondary – Degree	\$1,500 per year

For a student pursuing a four-year degree, the estimated sponsorship cost is **\$6,000 over four years**.

Every contribution, whether supporting a primary school learner, a senior school student, or a young person pursuing higher education, represents an investment in a future that might otherwise remain out of reach.

Meet Joan & Laura

Joan and Laura are cheerful Grade 7 learners at VICODEC School whose participation in the sponsorship program has given them the opportunity to continue their education despite financial challenges at home.

Their joy, growing confidence, and enthusiasm for school reflect the positive impact of a supportive environment. Their story shows how sponsorship goes beyond education — it gives children the stability and encouragement to learn, dream, and grow with confidence.

Joan and Laura, Grade 7, VICODEC School.

COME AND STAY

Friends of Kenya Works from near and far are warmly welcome. Write to info@kenyaworks.org to plan your visit — and let us know if you would like to meet the students you support.

STORY OF IMPACT

From Visiting to Sponsoring: Friends of Kenya Works

We were delighted to welcome **Remy, Cristina, Kathy, and Holly** to Kenya. Some stayed at the Kenya Works Guest House and others visited while travelling in the country — what mattered most was the opportunity to learn, to see the work firsthand, and to spend time with students and their families at home.

These visits gave them a deeper understanding of the challenges faced by the children and families we serve. Following their time with us, they each chose to sponsor students — turning a visit into a lasting difference.

Whether you visit for a day or stay with us, seeing the work in person creates connections that inspire support for children and families. For those who do stay, the Kenya Works Guest House offers a comfortable base, and guest house contributions help sustain our programs.

The Kenya Works Guest House, Ongata Rongai.

Karibu Sana

YOU ARE ALWAYS WELCOME

Thank You for Walking With Us

To every friend of VICODEC and Kenya Works, thank you for helping children stay in school, encouraging them to dream, supporting families, and creating opportunities for young people to build meaningful futures. We invite you to remain part of this journey — not only through sponsorship, but by visiting Kenya Works, meeting the children and families we serve, and experiencing our work firsthand.

Come, stay, connect, and make a difference. Together, we are opening doors to opportunity, dignity, and brighter futures.

VICODEC

VICODEC is a registered Kenyan charity situated in Ongata Rongai, Kenya. The campus offers primary, junior secondary and vocational education as well as social and nutritional services for students and the community.
